

MHRRC AGM 2025

February 25 @ 7 pm

Kinplex Centre/ Social Room

300 yard Range Cover Committee Report

- Budget of 150k for a 300 yard cover was approved at 2023 AGM and was still on the books in 2024 “if funds were available”. Spring 2024 the club cash assets were about 150k.
- Allowing for inflation and increased material cost and also comparing the final cost of the 100 yard cover, an estimate of 150k was projected for a cover over the 300 yard benches
- If the club applied for a 50% matching grant from CFEP, that would leave us with approximately 75k out of pocket cost.
- March 5, 2024 – 4 member 300 yard cover committee was formed to discuss feasibility
- April 17, 2024 - Committee met to discuss requirements for structure
- April 21, 2024 – Member survey was conducted requesting interest for a cover or no cover
- May 1, 2024 – Survey results – 101 responses(10% of membership) -83% wanted a cover of some sort
- May 2, 2024 – RFP’s dropped off at 4 contractors with details for the cover
- Site visits and quotes received from 3 local contractors which all came in 10-15% over budget of 150k
- July 2, 2024 – Quotes were reviewed at monthly meeting and it was unanimous decision to accept GVN. Best design/material and sound dampening
- July 29, 2024 – Submitted the CFEP matching grant application to the AB government in the amount of \$82,567 which is 50% of the quote from GVN (\$165,134)
- Loan approval/denial notices from CFEP to be sent out March 2025
- Building is pre-engineered and construction to start in mid-summer this year pending approval
