

Medicine Hat Rifle and Revolver Club
Annual General Meeting
25 February 2025

Reports for:

Vice President Operations and Safety

Director Range Infrastructure and Improvements

VP Operations and Safety

- Set up new fire / first aid points on all ranges.
- Set up a new Safety point in the club house with a new trauma first aid kit.
- Established a muster point for the range to be used incase of emergencies.
- Aided in writing of a new club RSO manual. Mr. Adam and Mr. Fisher did the majority of the work on the manual to ensure that it properly represented what is in the new club by-law and policies. Thank you very much Randy and Werner.
- Wrote the club's new emergency action plan which is posted on the web site and in the club house.
- Provided members with photo's of accepted target and non accepted targets which is on the web site and posted in the club house.
- Posted speed limit sign on the range proper which is 15 km. This is to keep dust down and keep members safe.
- Posted new speed limit signs on the access road. This is to keep dust down and keep members safe while working on the road and ditches.

Director Range Infrastructure and Improvements

- Repaired both gong huts
- Kept range maintained to the best of my abilities. The addition of a new pull behind mower makes the job much easier as does the plow and bucket we have for the quad.
- Maintained our access road and its ditches.
- Made the new fire / first aid stations.
- Logistical duties such as purchasing gas for the equipment and items needed in the maintenance of our range.

Thank you for giving me the opportunity to serve our club over the past year. I have one year remaining as VP Operations and Safety. I am also willing to carry on being the Director Range Infrastructure and Improvements.

Thank you very much as well to the people I have worked with over the past years that are now stepping down. Your intellect and talents will be missed very much.

Terry Deering
